Dear Mr Jangri,

Just a note to thank  
you for the treatment I have received  
during the time I have been undergoing  
surgery for implants.

you & your staff have  
always treated me with dignity & kindness  
& for this I thank you.

I would strongly advise  
people who are as I was to take steps  
to see the staff at Scott Arms practice, they  
will not be disappointed.

I was told that after  
treatment I would be able to eat apples,  
& it has proved to be so. I am enjoying my  
meals once again.

It has indeed proved  
a good investment of time & money  
With many thanks

Yours sincerely  
J E Boden
